DETAILED ACTION

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 10/11/2005 has been entered.

Information Disclosure Statement

The Information Disclosure Statements filed 10/11/2005 and 11/14/2005 have been considered and do not change the allowability of claims 43-92 and 94-99.

Allowable Subject Matter

Claims 43-92 and 94-99 are allowed.

The following is an examiner's statement of reasons for allowance: Yagi does not meet the limitation of independent claim 43 that the portion of the reflector intersecting with the plane extends closer to the focus than the other portions of the reflector that do not intersect with the plane. Accordingly, since Yagi does not teach all the elements of claim 43, claim 43 is allowable over the art of record. Claims 47, 48 and 56 depend from claim 43 and are allowable for the same reasons. Claim 81 has been amended to include the features of canceled claim 93 which prior office action found have allowable subject matter. Claim 81 is therefore allowable. Claims 85 and 86 depend from claim 81 and are allowable for the same reasons.

Fleury does not meet the limitation of independent claim 59 that the first and second axes of first and second reflecting axes are non-parallel to each other as illustrated in instant invention figure 5. Accordingly, since Fleury does not teach all the elements of claim 59, claim 59 is allowable over the art of record. Claims 60-68 and 98-99 depend from claim 59 and are allowable for the same reasons.

Claims 44-46,49 and 82-84 are rejected as unpatentable over Yagi. These claims depend either directly or indirectly from claims 43 and 81 and are allowable for the same reasons.

Therefore, the prior art does not disclose or teach the limitations of claims 43-92 and 94-99.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
